FOREWORD

A history of the life in 1963 is presented in a book typical of the school of which it is a part, THE SPINNER. It presents our high school and its personalities in the light in which we are most accustomed. It portrays the school in its many moods—its playtime as well as its working hours; its solitude as well as its frolic. As education is the sum total of many factors; so is the well-planned and well-executed high school.

Presenting the 1963 SPINNER, a Record of Many Moods.

DEDICATION

For over a quarter of a century the people of Gastonia have been privileged to have in their midst an outstanding teacher. Her academic work in the high school has been in the field of United States History; but through this course, she has brought into the classroom the related subjects of geography, economics, sociology, and finance. Feeling that people as a whole and individually have a responsibility to be interested in politics, she has been vitally concerned with political policies from the local community to world-wide affairs. Her students have always been encouraged to think for themselves and to develop new ideas; and through her efforts, many of her students have gone on to become lawyers, teachers, and some have had successful political careers. Above everything else, however, her purpose has been opening doors and windows and putting up signs along mental highways so that boys and girls would know to where they were traveling and why.

During these years, she has spent many hours counseling students about colleges and careers; and over the

years, she has helped numbers of students secure scholarships. Many times she was sponsor of the Senior Class; advisor for the school paper, *Fine Yarns*; and advisor for the yearbook, *THE SPINNER*. She helped to organize the Student Council, to which she was, for a long period of time, the faculty advisor. Furthering the cause of education in a broader area, she served on the North Carolina State Textbook Commission for eight years.

The community has felt her influence not only through the school but also in the First Baptist Church, where she has worked in the Young People's Department as a teacher and also as superintendent. She has been active in the Altrusa Club and the Woman's Club. She was instrumental in organizing the Girl Scouts in Gaston County, and also the Gaston County Chapter of the American Field Service. In 1962, she was named "Woman of the Year" by the women's civic organizations of Gastonia.

THE SPINNER this year, therefore, is dedicated to Miss Jinsie Underwood—citizen, churchwoman, teacher, guide, and friend.

Left to right (seated): Sam Hollowell; John Carson; Ingrid Lundgren, foreign exchange student from Sweden; Miss Underwood; Carmelina Ribeiro, exchange student from Brazil. Standing: Peach Pearce and Robbie Clemmer.

MISS JINSIE UNDERWOOD

Frank L. Ashley Senior High School includes on its Administrative Staff the Principal, Assistant-Principal, Secretary to the Principal, Bookkeeper, Guidance Counselor, Librarian, Assistant Librarian, Director of Athletics, and Directors of Instrumental and Choral Music.

The Curriculum is organized into six departments: English, Mathematics, Science, Social Science, Language, and Vocational. The Work of the Mathematics, Science, and Language departments is correlated with the National Defense Education Act. Ashley Senior High is accredited by the Southern Association of Secondary Schools and Colleges.

Three years of Spanish is offered in order to meet the demands of those students who are entering the teaching profession or government services.

The largest single group of students at Ashley Senior High is enrolled in the department of Business Education.

Biology is an elective for students who expect to enter any of the medical professions.

Six classes in bookkeeping are elected by the vocational students.

Chemistry is that Junior Class subject which separates the men from the boys.

Two classes of physics are taught under the provisions of the National Defense Education Act.

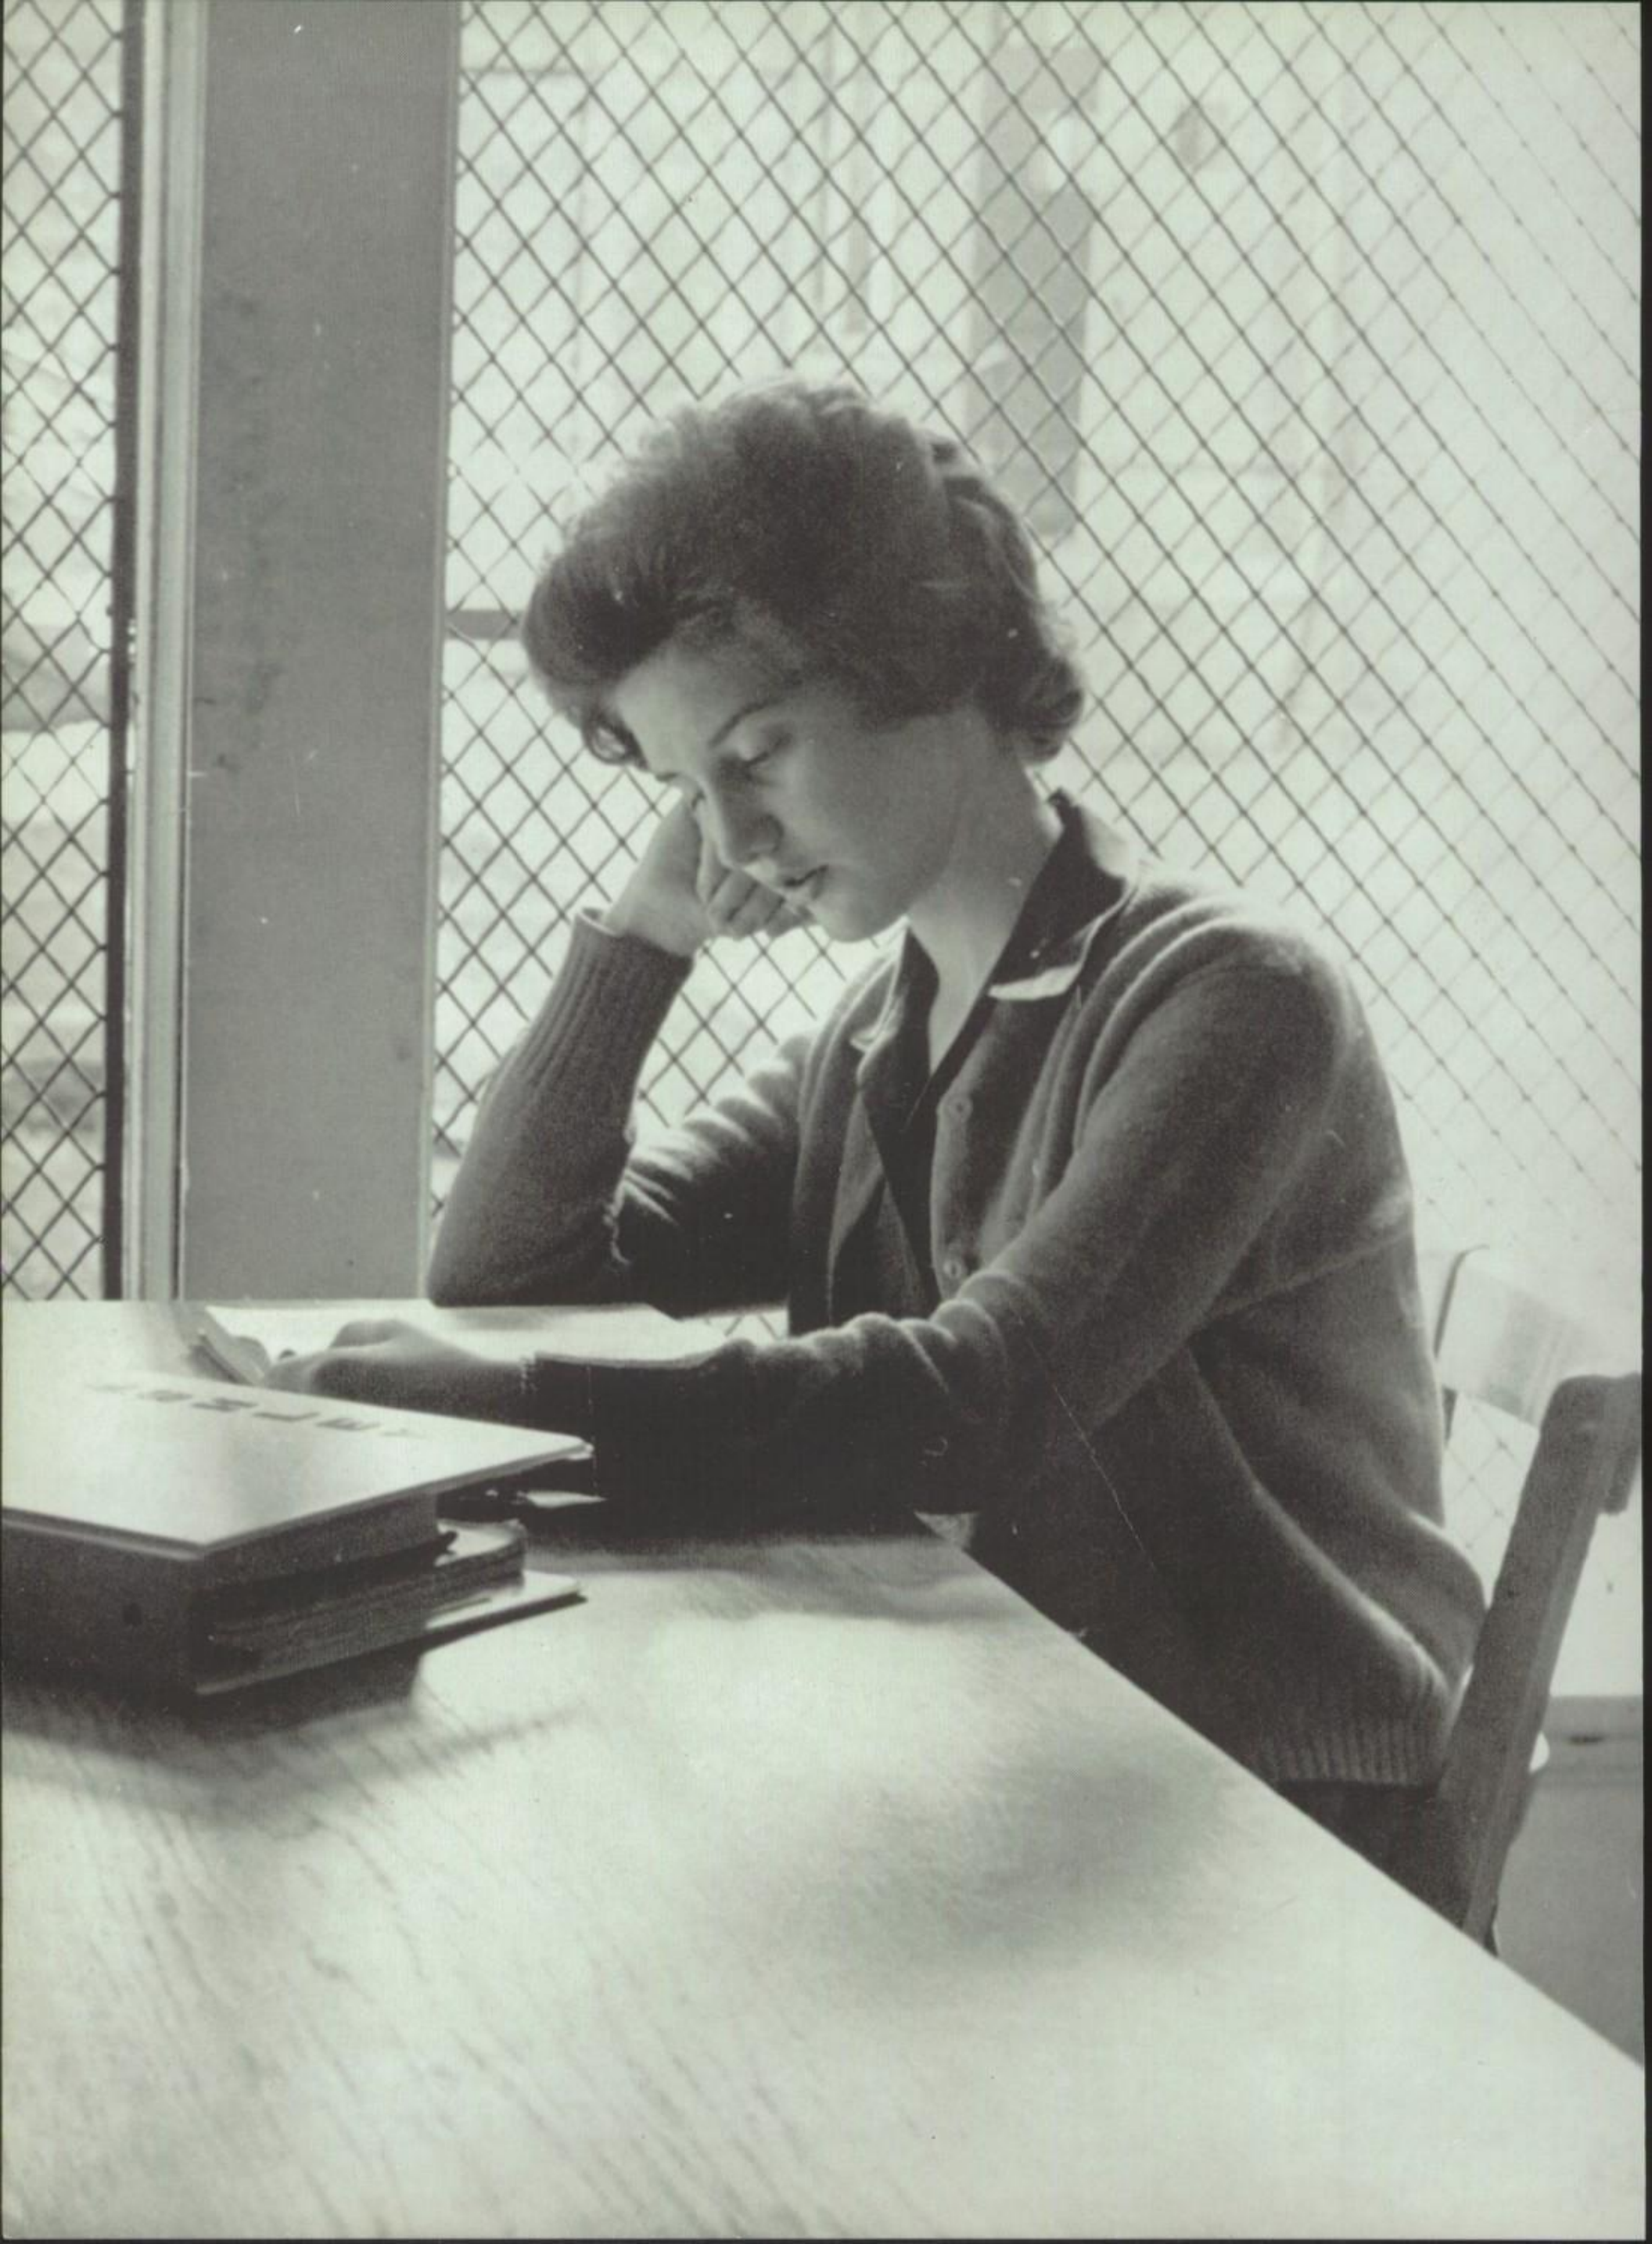

Geometry is required of all college going students and is usually elected on the eleventh year level.

English classes are organized for both the college preparatory and the vocational students. This division is maintained on all three grade levels.

Typing claims the largest enrollment other than English and math. It is open to all who are studying business education and the college preparatory students.

In 1962-63 there were more boys than girls at Ashley Senior High—a student body of 1397 was composed of 717 boys and 680 girls. The Senior Class was made up of 353 students, the Junior Class had 467, and the Sophomore Class included 577. This was the first student body which did not receive any tenth graders from outside the city limits of Gastonia.

THE SENIOR CLASS

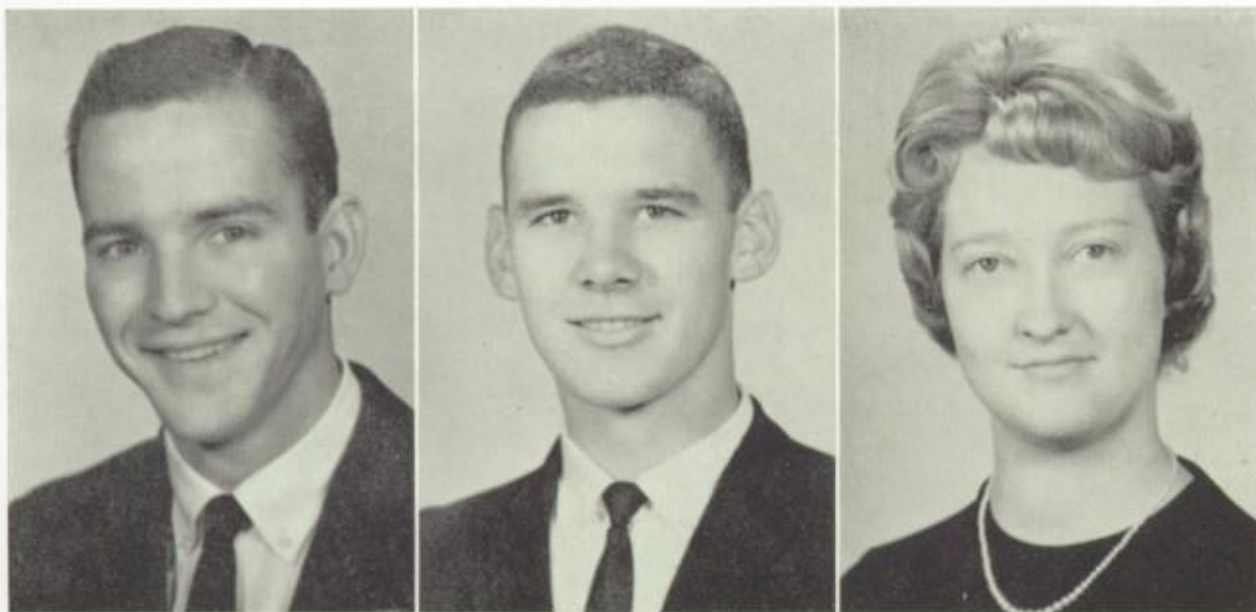

"It's Great To Be a Senior" . . .

There was the gravity of the future, constantly directing our minds and aspirations to college—to preparation for our professions—and to early marriage for some. But there will always be the memories of three years at Ashley Senior High.

The class showed its talents and varied interests in the Sophomore Talent Show of '61 with "Hey Look Me Over," and "I'm a Red Hot Mama." . . . The vast after-

noons and evenings spent painting and nailing for the Japanese style Junior-Senior of '62 . . . Homecoming with all of its glory . . . The excitement of the Senior Class Play, "The Girl Next Door" . . . And then that fateful night of graduation.

All of this is locked up in the memories of the class of '63.

THE JUNIOR CLASS

"Just One More Year To Go"

The pause to adjust to adjust is characteristic of the junior year. Having stumbled through the amazement of being sophomores and eager to become seniors, the junior year is a golden haze. In this haze the juniors struggle with geometry, chemistry, second year Latin, third year French, and Home Economics II. The year was climaxed with their big project, Junior-Senior Prom. They suc-

ceeded well in developing an artistic theme based upon "Paris."

Following the College Aptitude Examinations which most juniors took for their first time in May, 1963, the Class of 1964 was ready to start planning for college—or for a vocation.

THE SOPHOMORE CLASS

"Sophomore People"

It is with energetic enthusiasm and optimistic spirit that sophomores begin their trek forward in September. During their first year at Ashley, their major achievement is to become acquainted with the various phases of school life and settle down to the routine of being Ashley High students. They began their college preparation by starting with Latin I, Biology, World History, and Algebra II. Many of these fifteen-year-olds learned very well the

meaning of "Ego Amo Te." The pep meetings were a big thrill to these newcomers, and they filled the cheering section at all football games. In the 1962 Homecoming Parade, the sophomore class made the winning float for the parade. As the class of 1965, they have the potential for many outstanding contributions to Ashley Senior High and their own personal success.

"What would we do without Sophomore spirit?"

Extra-curricular activities at Ashley Senior High have always been characterized by emphasis upon the Monitorial system and upon the development of an Honor System. Three organizations concentrate upon activities which contribute to the above objectives. They are the Monitorial Council, the Student Council, and the Inter-Club Council.

Six Service Clubs, the Key Club, the Keyettes, the Junior Civitans, the Civinettes, the Letterman's Club and the Library Club, contribute much to the enrichment of the school program. Seven subject clubs are maintained for the purpose of extending the students' experiences of learning in that particular field. Ashley's two publications, *Fine Yarns* and *THE SPINNER*, were joined in 1963 by the literary magazine, *Rhetor*. All students who have an interest in instrumental music participate in the High School Band and its varied projects.

STUDENT COUNCIL

The Student Council represents the more serious mood of Ashley High. The fundamental aim of the Council is to contribute always to the academic and social achievements of the school. They have met this aim successfully through the projects which have characterized 1962-1963. The Orientation of the sophomores acquainted the new students with their part in school government. The rejuvenation of the Honor System focused the attention of the students on the importance of personal honor. The annual White Christmas gave students the opportunity to help others. Teacher Appreciation Day expressed the gratitude of the students for their teachers.

Working together, the Student Council has contributed its part to the development of individual character.

INTER-CLUB COUNCIL

Mr. Murray Rudisill, Advisor

The primary purpose of the Inter-Club Council is to promote co-operation and understanding among the various clubs at Ashley. Each club has two representatives, the president and vice-president, who attend the meetings on alternate Wednesday afternoons. They discuss their

projects and give suggestions for improving the clubs. The Inter-Club Council also sponsors the annual Homecoming during football season. "Football Follies," as it was called this year, was one of the most beautiful ever sponsored at Ashley High.

HOMEROOM PRESIDENTS

The student government begins with the homeroom president since he is the link between the students and the Student Council. One homeroom president represents about thirty students in the functioning of the school government. He directs the business and promotes school activities and projects in his homeroom. This calls for leading discussions on school problems, for executing decisions made by the Student Council and Monitorial Council. The president uses committees in the homeroom for his assistance.

MONITORIAL COUNCIL

Mrs. Helen R. Culp, Mr. E. J. Phillips, Jr., *Advisors*

Ashley High School for thirty-seven years has been widely known for its monitorial system. During the years since 1927, many visitors, including representatives from other school systems, have visited this high school to observe the monitorial system in action. As a direct result of the observers' visits to Ashley High School, a large number of schools have set up monitorial systems patterned after the one used by Ashley. The monitorial body is made up of monitors and the monitorial council. The monitors are elected yearly from each homeroom. Monitors regulate hall traffic, aid students, and help to enforce and uphold the rules, regulations, and customs of the school. It is the duty of the monitorial council to determine infringements of school customs and to take necessary corrective measures. The monitorial council works closely with the Student Council and its cooperative associations.

THE 1963

BRENDA KAYE WOOTEN, BARBARA McARVER, *Typists*

To a student body of 1397 students, 1150 copies of The SPINNER were sold. This indicates that a very personal relationship exists between the student and the school. It was in light of this that the SPINNER staff of 1962-'63 decided to use "moods of the students at Ashley" for the theme of this yearbook. You will find depicted here a wide variety of moods—noble ones—some not so noble—but they all belong to us, the students of Frank L. Ashley Senior High.

EDITORIAL STAFF: Teresa Anne Jacobs, Mary Angelia Davis, Leila Mae Thomas, Terrell Embrey Robinson, James Edward Freeman, Mildred May Schlagenhauf.

BUSINESS STAFF: Henderson Lee Howell, Carolyn Alene Broome, John Arthur Hawkins, Kenneth Hilton Margerison, Jr., Jane Ellen Grant.

SPINNER

The publication of THE SPINNER is dedicated to the building of a better school. In it ideals are emphasized and transmitted from one student body to another.

FINE YARNS

Mr. Riddle's fourth period journalism class is responsible for the publication of the school newspaper, *Fine Yarns*. Aimed at recording and interpreting the various moods of our high school, the newspaper is issued to each student every six weeks. *Fine Yarns* is filled with the latest school gossip, news flashes, sports articles, jokes, and feature articles, and is awaited by the students with anticipation and excitement.

THE RHETOR

In the early history of our high school the literary magazine was a publication with a wide reputation. In the spring of 1963 Mr. Cary Osborn's fifth period English Class revived the publication and gave it the name, *Rhetor*. The purpose of the magazine is to encourage

students in the field of creative writing. Students in all English Classes are encouraged to submit original writings in short stories, essays, and poems. Two copies of *Rhetor* will be published each year.

KEYETTE CLUB

Feeling a need to give more girls an opportunity to serve their school and community, the Keyette Club was organized in April of 1962. Members are selected from all three grade levels on the basis of scholarship, leadership, and character. These girls practice their motto, "We Build," as they maintain the school clinic, sell light bulbs to raise funds to aid in their projects, sell Christmas cards for the American Field Service, visit the Gaston County Home for the Aged, and keep a scrapbook for Carmelina Ribeiro. This year the Keyettes were privileged to have Ingrid Lundgren, an exchange student from Sweden, as an honorary member of the Club.

KEY CLUB

The Key Club, Ashley's oldest service club, was organized by the local Kiwanis Club, and is a part of the international program of Kiwanis which strives to develop "strong, resolute, and intelligent leadership." The Club's motto is "We Build." Within the Key Club's program, many services are rendered for the school. Among these are: operation of a student store, selling fruit baskets, selling Christmas cards for the American Field Service, operating concession stands for the Ashley athletic events, and collecting funds for the "Dollar-For-A-Scholar" Program.

GASTONIA JR. CIVITAN CLUB

The Junior Civitan Club is in its fourth year of service. Gastonia Civitan Club and Civitan International sponsor this service organization. Membership is based upon scholarship, leadership, strong character, and the willingness to help others. Among the club's many outstanding projects for this year were: the distribution of the student handbook for sophomores, participation in the March of Dimes appeal, and the sale of fruit cakes to benefit the School for Handicapped Children. Their most ambitious project was "Operation Obedience to Law." A community wide campaign was conducted to lead citizens to know and to appreciate the city policemen. At a banquet "the Policeman of the Year" was recognized. Meetings are held the first and third Thursdays of each month.

THE BAND

Mr. LESLIE O. McCOLLUM, *Director*

The Ashley High School Band stands as a monument to Director and Teacher, Mr. L. O. McCollum. Its size, quality, and state-wide reputation is due to his tireless efforts to promote an interest in music among the students of the city schools. In addition to his regular work with the students of the elementary schools, the Junior Highs, and Ashley Senior High, he pilots the District Instrumental Band Clinic which always meets in Gastonia. Twice each year the band presents two music programs for the community—at the Christmas season and during National Music Week.

BIBLE CLUB

Bible, which is an elective in school curriculum, is sponsored at Ashley High by the Gastonia uptown churches. The Bible Club functions as an instrument of expression for the students. The members strive diligently to better the school and community environment by trying to increase the spiritual and moral atmosphere of both. Membership is voluntary and meetings are held on each second and fourth Thursday in the month. Club projects include presenting school assembly programs at Christmas and Easter, and furnishing each homeroom with a plan for daily devotionals. Last year the Bible Club purchased Revised Standard Versions of the Bible for each homeroom.

The Distributive Education Club is a program instituted to give high school students the opportunity to graduate from high school, and at the same time, earn money and gain experience which will help them in their future careers. The program of retail selling gives the members experience in public relations and financial management. The district and state contests and conventions feature Ashley students every year. This year, Gary Turner, an outstanding senior, was elected state president.

LIBRARY CLUB

The students who devote their study halls to working in the library were organized into a club for the first time in 1962-'63. The purpose of the club is to unify and organize these students, by providing additional experience and knowledge in locating books, placing them back on the shelves properly, and learning the various aspects of library science. The club meets on the third Thursday of each month.

PEP CLUB

The Pep Club, composed of all students who are interested in supporting the athletic program of Ashley High School, seeks to provide opportunities for increasing the school spirit. Projects of the clubs include: selling "pep buttons," sponsoring busses to out-of-town athletic events, taking charge of pep-meetings, and distributing posters throughout the school.

THE DRAMA CLUB

The Ashley Players receive valuable experience in acting, stage designing, lighting techniques, costuming, and make-up procedures. The club's production for this year was "The Mystery of Mouldy Manor" by Ted Westgate, a one act mystery comedy. Through this production and previous ones, the Dramatics Club has added variety to the academic program of Ashley.

Membership in the Radio Club gives each person a chance to study and experiment in the field of electronics. The club's program includes learning radio codes, discussing new developments in sound, and visiting radio and television station WBTV on Spencer Mountain. This year's club held a week-long exhibition of all their equipment in the All-Purpose Room.

SPANISH CLUB

The Spanish Club gives second and third year Spanish students an opportunity to become better acquainted with the people, culture, and literature of Spain and to improve their conversational Spanish. This year's Spanish Club, using Spanish songs and skits, presented programs for several civic clubs. The highlight of the year was the assembly program celebrating Pan-American Day.

MIXED CHORUS

MR. WOFFORD T. HUSKEY, *Director*

All students who have studied vocal music for two years become members of the Ashley High School Mixed Chorus. This group learns classical, popular, and sacred selections which they sing for assembly programs at Christmas, Easter, and graduation exercises. The chorus participates in the State Music Contest in Hickory and the State Choral Festival in Greensboro. The Mixed Chorus is directed by Mr. Wofford Huskey.

In North Carolina Inter-scholastic athletics is the top rung in the ladder of physical education. At Ashley, this program provides an opportunity for the most physically adept students to participate in football, basketball, baseball, track, and golf. The Green Wave teams play their schedule in competition with 4-A high schools. In football the season includes eleven games. A longer season of basketball is made up of twenty contests. In baseball, the team encounters eighteen tests of competition. Eight track meets are held during April and May of the school year. The golf tournaments depend upon the number of students participating and the weather.

THE ASHLEY GREEN WAVE

The "mighty Green Wave" aroused the interest and support of its fans by displaying fine abilities and clean sportsmanship in winning a berth in the state play-offs. During the regular conference season, Ashley lost only one game, a defeat to Myers Park by a score of 26-21. The real highlight of the season was in December at the state play-offs in Winston-Salem. The final score was Ashley 0, Winston-Salem Reynolds 0. Reynolds gained only three more yards than Gastonia did, but this gave Winston-Salem the privilege of continuing to the championship bracket.

On the night of the Asheville game, Steve Tate, a crowd favorite and fine performer, broke the Ashley high scoring record of 123 held by Charles Pearson since 1944. Tate scored 124 points during the football season. He was also selected for the Shrine Bowl team, the second team All-State, and received honorable mention on the All-Southern All-Star Team.

BASKETBALL

The 1963 Green Wave Basketball Team, led by Co-Captains Sam Hollowell and Rocky Holscher, made one of the greatest come-backs in Ashley High School history. After losing the first five games, they won ten of the last eleven conference games to give them a tie with South Mecklenburg for second place honors in the Western 4-A Conference.

Ashley continued to play good basketball in the Western 4-A District Tournament, defeating West and South Mecklenburg, and thus qualifying them for a berth in the State Tournament.

The Green Wave's hope for a State Championship was ended as Rocky Mount defeated the Green Wave 49-30 in the first round of Tournament play.

Rocky Holscher was selected to the Western 4-A Conference Team and also to the Western 4-A Conference Tournament Team.

LETTERMAN'S CLUB

Promoting good school spirit and fine sportsmanship are the two principal objectives of the Letterman's Club. All members have earned a letter in one of the five sports offered at Ashley: football, basketball, baseball, track, and golf. These boys assist in the score keeping and management of the stadium and Wray Gymnasium during all games. The Club strives to increase interest and participation in all sports at Ashley.

The 1963 Green Wave Golf Team had only two lettermen returning, and this year's hope for another fine team depended largely upon the play of Dale Fox and Charles Zeigler.

Last year's team was undefeated during regular season play, and they have had several outstanding seasons prior to last year. In 1957, 1960, and 1962 the Green Wave linksmen were runners-up in Conference play. They were Conference Champions in 1959, 1960, 1961. They have placed third, fourth, and sixth in past years at the State Tournament in Chapel Hill. On the fairway and green—an outstanding team!

The Features Section of THE SPINNER is dedicated to the promotion of academic excellence, good citizenship, and service to the school. Most high school students work to achieve membership in the National Honor Society and to be elected to Who's Who, or the Superlatives. Membership in the Honor Society is the high school equivalent of membership in Phi Beta Kappa. The personal qualities which are represented by this membership are the ultimate reasons for any person's getting an education.

FEATURES

WHO'S WHO

The Senior Class at Ashley High School annually selects twelve members who have best displayed superiority in leadership, service, character, and scholarship. Membership in this honorary fraternity is the most coveted honor coming to a high school student. It represents years of perseverance, dependability, unselfish service, and application to duty.

NATIONAL HONOR SOCIETY

The National Association of Secondary School principals initiated the organization of the National Honor Society in 1926. The purpose of the National Honor Society is to stimulate scholarship and to encourage the attributes of character, service, and leadership. Mr. Frank L. Ashley organized the first chapter for Gastonia Senior High in 1930.

The National Honor Society is the high school equivalent

of Phi Beta Kappa. Membership in the organization is honorary. At the end of the third period in the senior year, all students who have maintained a scholastic average of ninety or above, who have no failing grades in citizenship, and who have shown by their leadership a willingness to serve, are elected to the Gastonia Chapter of the National Honor Society. In the Class of 1962, 37 students earned this coveted honor.

THE HONOR SYSTEM DEVELOPS MATURITY

Toward acquiring a sense of personal honor and self-respect, which characterizes the truly mature individual, the honor system makes invaluable contributions. Through its constant emphasis on such specific traits as honesty, courtesy, and respect, it develops the broad attitudes of good conduct and personal integrity—the characteristics of good citizenship. These are the keys to a richer and a better way of life.

THE HONOR SYSTEM IS THE BASIS FOR LIFE AT ASHLEY

It is during these formative years that it is important for a student to be shown the right kind of guidance in the form of the Honor System.

The mature high school student models his life after the Honor System.

By upholding the standards of the Honor System during his three years at Ashley, a student will graduate with a strong and esteemed character.
